

Landscaper's Corner

Landscape installation using Jolly Farmer's begonias.
Longbeach Motor Inn, York Beach, Maine

GREAT NEWS...Our 1801 cell packs will now be UNCUT - a solid sheet - to eliminate little plastic packs blowing around on your jobsite. We've also reduced waste by having only 1 tag per tray, instead of 1 per cell, also minimizing clean up time.

INSTANT COLOR INSTALLATIONS...Try our 5½" annuals and premium WAVE petunias for great flower power immediately after planting. Or create perennial beds with our 5½" pots.

IDEA...How about offering vegetable garden installations as part of your services? We offer a wide selection of vegetables and herbs which can provide your customers with a rewarding experience as well as healthful food.

5½" Annuals growing at Jolly Farmer.
