JOLLY FARMER

2025

See order form for a full lineup of our summer-fall grower ready plugs and liners, including flowering cabbage and kale, pansies, violas, snapdragons, succulents, herbs and more. Don't forget to order your perennials – especially the ones that need over-wintering. Some of them are awesome in summer mixed containers too!

# new *and* exciting

We're excited to offer you these selections from our breeding partners around the world! Some are brand new genetics, and others are proven varieties, now offered in our summer-fall grower ready lineup! Don't forget to book yours early!

PANSY TOP WAVE SERIES

PHLOX PANICULATA SUPER  
KA-POW SERIES

STACHYS BYZANTINA  
LITTLE LAMB

## FERNS

With their graceful foliage and ability to grow in low light, ferns are an attractive addition to any home or office. They also help to rid the air of harmful toxins and improve humidity by naturally restoring moisture to the air. See the order form for our full line up!
