

*Set your garden center apart with cost-effective and environmentally friendly alternatives to chemicals!*

## BREWER KIT

Make Compost Tea and sell it to your retail customers!

Organic liquid plant supplement.

Adds life to your soils.

Reduces transplanting shock.

Helps plants under stress.

**Simple & easy to use!**

### KIT INCLUDES:

- 20 gallon sized brewer with instructions.
- 15 gallon dispensing container with separate aeration pump.
- Compost and nutrient mixes along with instructions required to make the compost tea.
- POP poster to explain how your customers will benefit from the product.
- Instruction sheets to educate the customer on its use.
- Neptune's Harvest Liquid Fish fertilizer with Kelp as an additive to be mixed with the compost tea at the time of application. We will arrange for delivery of this product or you can order directly from the company.

Jolly Farmer supplies all your refill needs. Call to re-order.

We also offer a full range of other brewer sizes in the event that this size will not fit your needs. Call for more information.

## EARTHWORM CASTINGS

*Earthworm Castings are odorless, coffee grounds-like particles produced by earthworms.*

- Rich source of beneficial soil biology!
- Been called by some "Nature's Perfect Plant Food".
- Earthworms increase the availability of plant nutrients.
- Great as an addition to a seeding or potting mix.
- Will not burn even the most tender plants and seedlings.
- Great for any time your plants need a boost...house plants, greenhouses, flower beds, & even your lawn.
- Uniform, well-screened product.
- Made without animal manures.
